

★ TEXAS STATE DOG ★

TEXAS BLUE LACY

DID YOU KNOW...

Picking up after your dog is super important for protecting our natural creeks, rivers, and lakes. Pet waste can pollute our water and can be toxic to wildlife, so be sure to properly dispose of your dog's waste!

TEXAS STATE FRUIT

GRAPEFRUIT

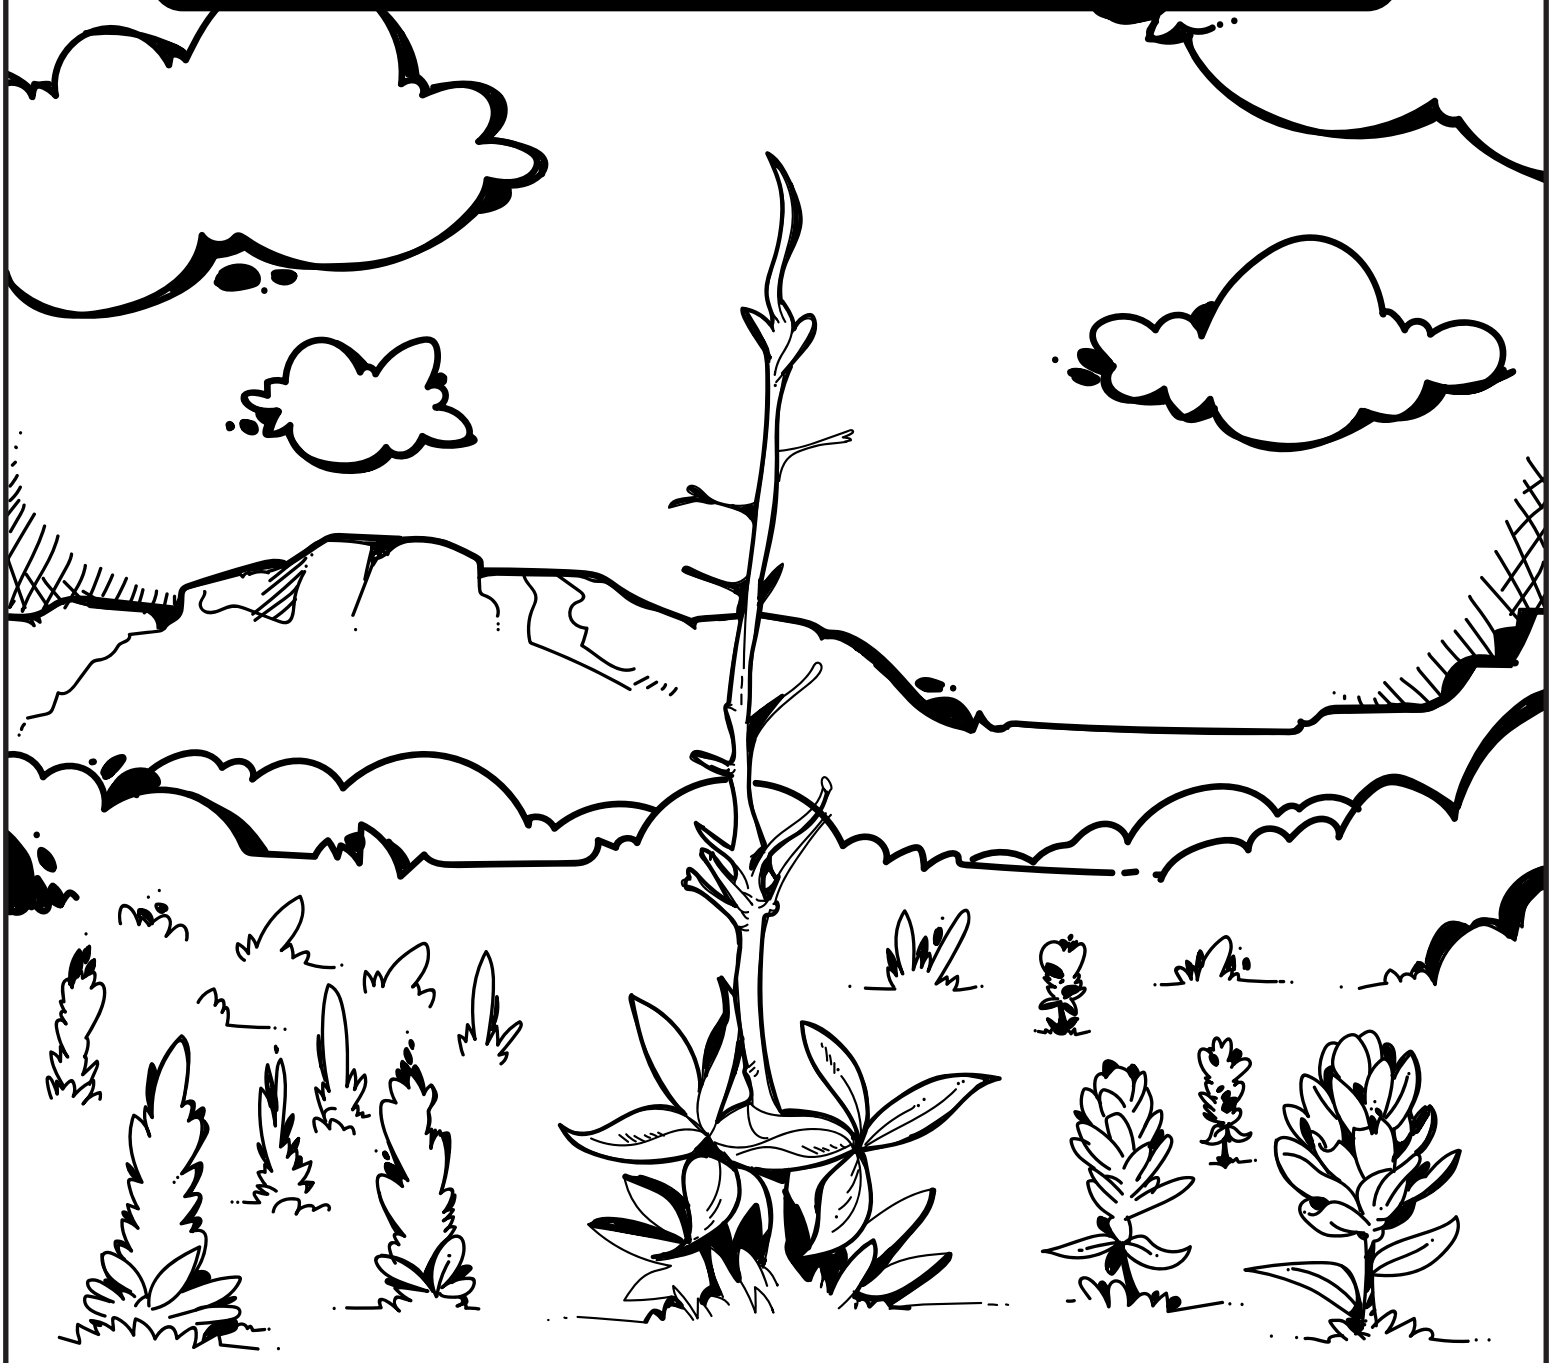

DID YOU KNOW...

Grapefruits, like many fruits and vegetables, come with their own, plastic-free packaging. If you want to reduce your waste at the grocery store, try buying more fruits and vegetables. It's great for your health, your wallet, and the planet!

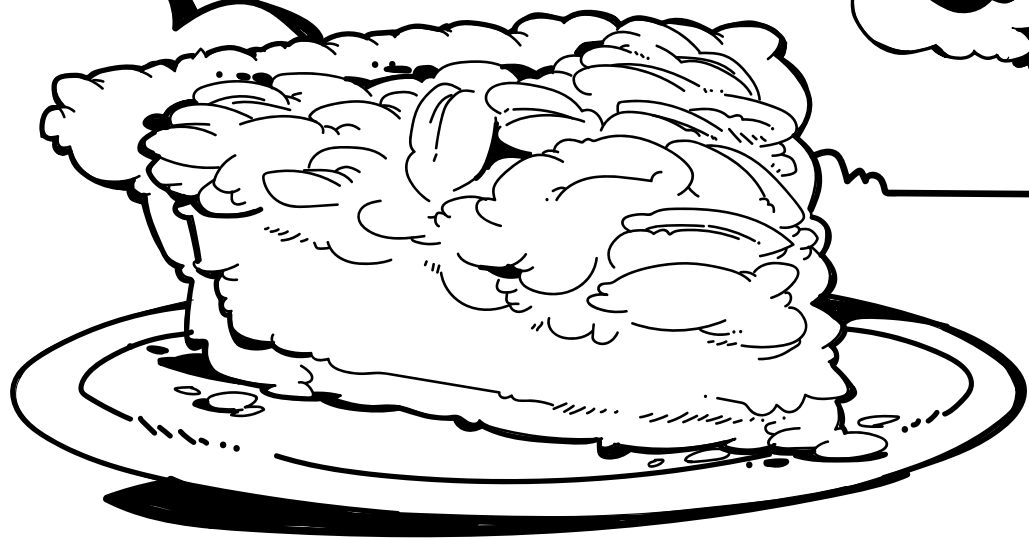

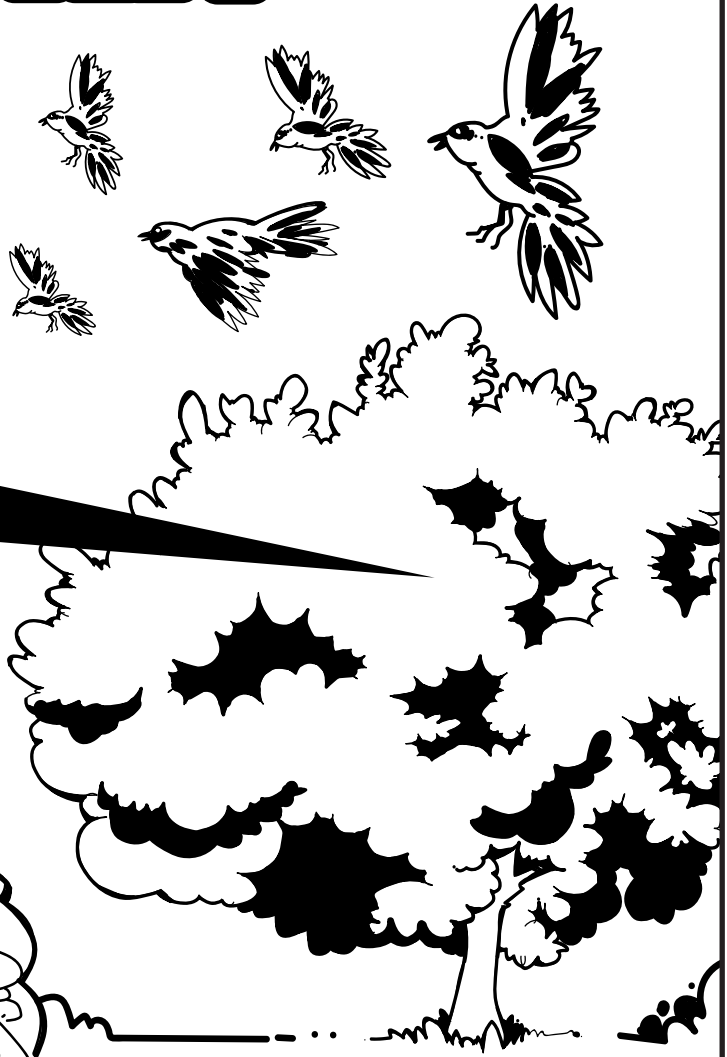

TEXAS STATE FLOWER BLUEBONNET

Draw your own petals or use your thumbprint to finish the center bluebonnet!

DID YOU KNOW...
Bluebonnets are incredibly drought tolerant and freeze tolerant, making them perfect for unpredictable Texas weather.

★ TEXAS STATE TREE ★ PECAN

DID YOU KNOW...

Trees are great at cleaning the air! Forests store 14% of all carbon dioxide, a common pollutant from cars, that we produce in the US each year.
