

# Sample Reference Sheet

## Unoriginal Photos, Videos, Music

Use the below table as an example of how to list references to any unoriginal content, such as photos, videos, music, or media that do not expressly belong to you. Any unoriginal media you use must be included in your reference sheet or your video may be disqualified.

Artist Name	Title of Work	Type of Work	URL
PublicDomainPictures	Not available	Picture	<a href="https://pixabay.com/photos/splashing-splash-aqua-water-165192/">https://pixabay.com/photos/splashing-splash-aqua-water-165192/</a>
Enrico Altavilla	Spring Morning	Music	<a href="https://www.freesoundtrackmusic.com/">https://www.freesoundtrackmusic.com/</a>
Not available	Happy Go Lucky	Music	<a href="https://www.freestockmusic.com/pop-production-music/free-pop-stock-music-happy-go-lucky/">https://www.freestockmusic.com/pop-production-music/free-pop-stock-music-happy-go-lucky/</a>
Outlinez	Not available	Video	<a href="https://pixabay.com/videos/sea-wave-golden-sand-sunrise-4006/">https://pixabay.com/videos/sea-wave-golden-sand-sunrise-4006/</a>

## Statistics, Facts, and Information

Use the table below as an example of how to list any statistics, facts, or information that you include in your video. Both the data and its source from the **Take Care of Texas Website** must be included.

Statistic, Fact, Information	Source
Ceiling fans allow you to raise the thermostat setting about four degrees.	Take Care of Texas, <a href="http://takecareoftexas.org/do-your-part/around-house">http://takecareoftexas.org/do-your-part/around-house</a>
Sealing air leaks around your home and adding insulation can help you maintain a comfortable indoor temperature and save up to 10 percent on your annual energy bills.	Take Care of Texas, <a href="http://takecareoftexas.org/do-your-part/around-house">http://takecareoftexas.org/do-your-part/around-house</a>
Standby power accounts for 5 to 10 percent of residential energy use.	Take Care of Texas, <a href="http://takecareoftexas.org/conservation-tips/keep-our-air-clean">http://takecareoftexas.org/conservation-tips/keep-our-air-clean</a>

# Video Script

Use the space below to enter your script text. Be sure to spell out spoken dialog. If there is no spoken dialog, be sure to detail out the scenes in your video.

Opening Scene: Zoom in on old, rusty car parked while idling in a school parking lot

Actor 1: "Hey James, are you feeling the A/C in the back seat?"

Actor 2: "Nawh, not yet Murr. Can you turn it all the way up?"

Actor 1: "Sure thing, it'll be a bit before Sal comes out from practice. Then we can go home."

Text Frame: 1 hour later...

Actor 3: "Hey guys, why did y'all leave the car running? I said it was going to be a while before practice ended."

Actor 1: "No sweat Sal, we had the A/C on while we were waiting so it wasn't a problem."

Actor 3: "Actually, that IS the problem. When a car is left running on idle while parked, it's still using gas and producing emissions to power the A/C. A car should be turned off to prevent that if you'll be waiting around for a while."

Actor 2: "Really? Wow, I didn't know that. I'll have to let my parents know that too, because they do it all the time!"

Actor 1: "I guess we'll just wait under the shade next time since it was so hot. Plus I don't make enough dog walking to waste any of my gas."

Actor 3: "Sounds good! Yeah, that was something I actually learned recently while my family and I travelled across Texas visiting state parks. Park it, power down, and don't waste resources! So remember folks...."

All Actors: "Take Care of Texas, it's the only one we've got!"

Closing Scene: Image of Take Care of Texas Logo
